Gymnastics at Oakdale

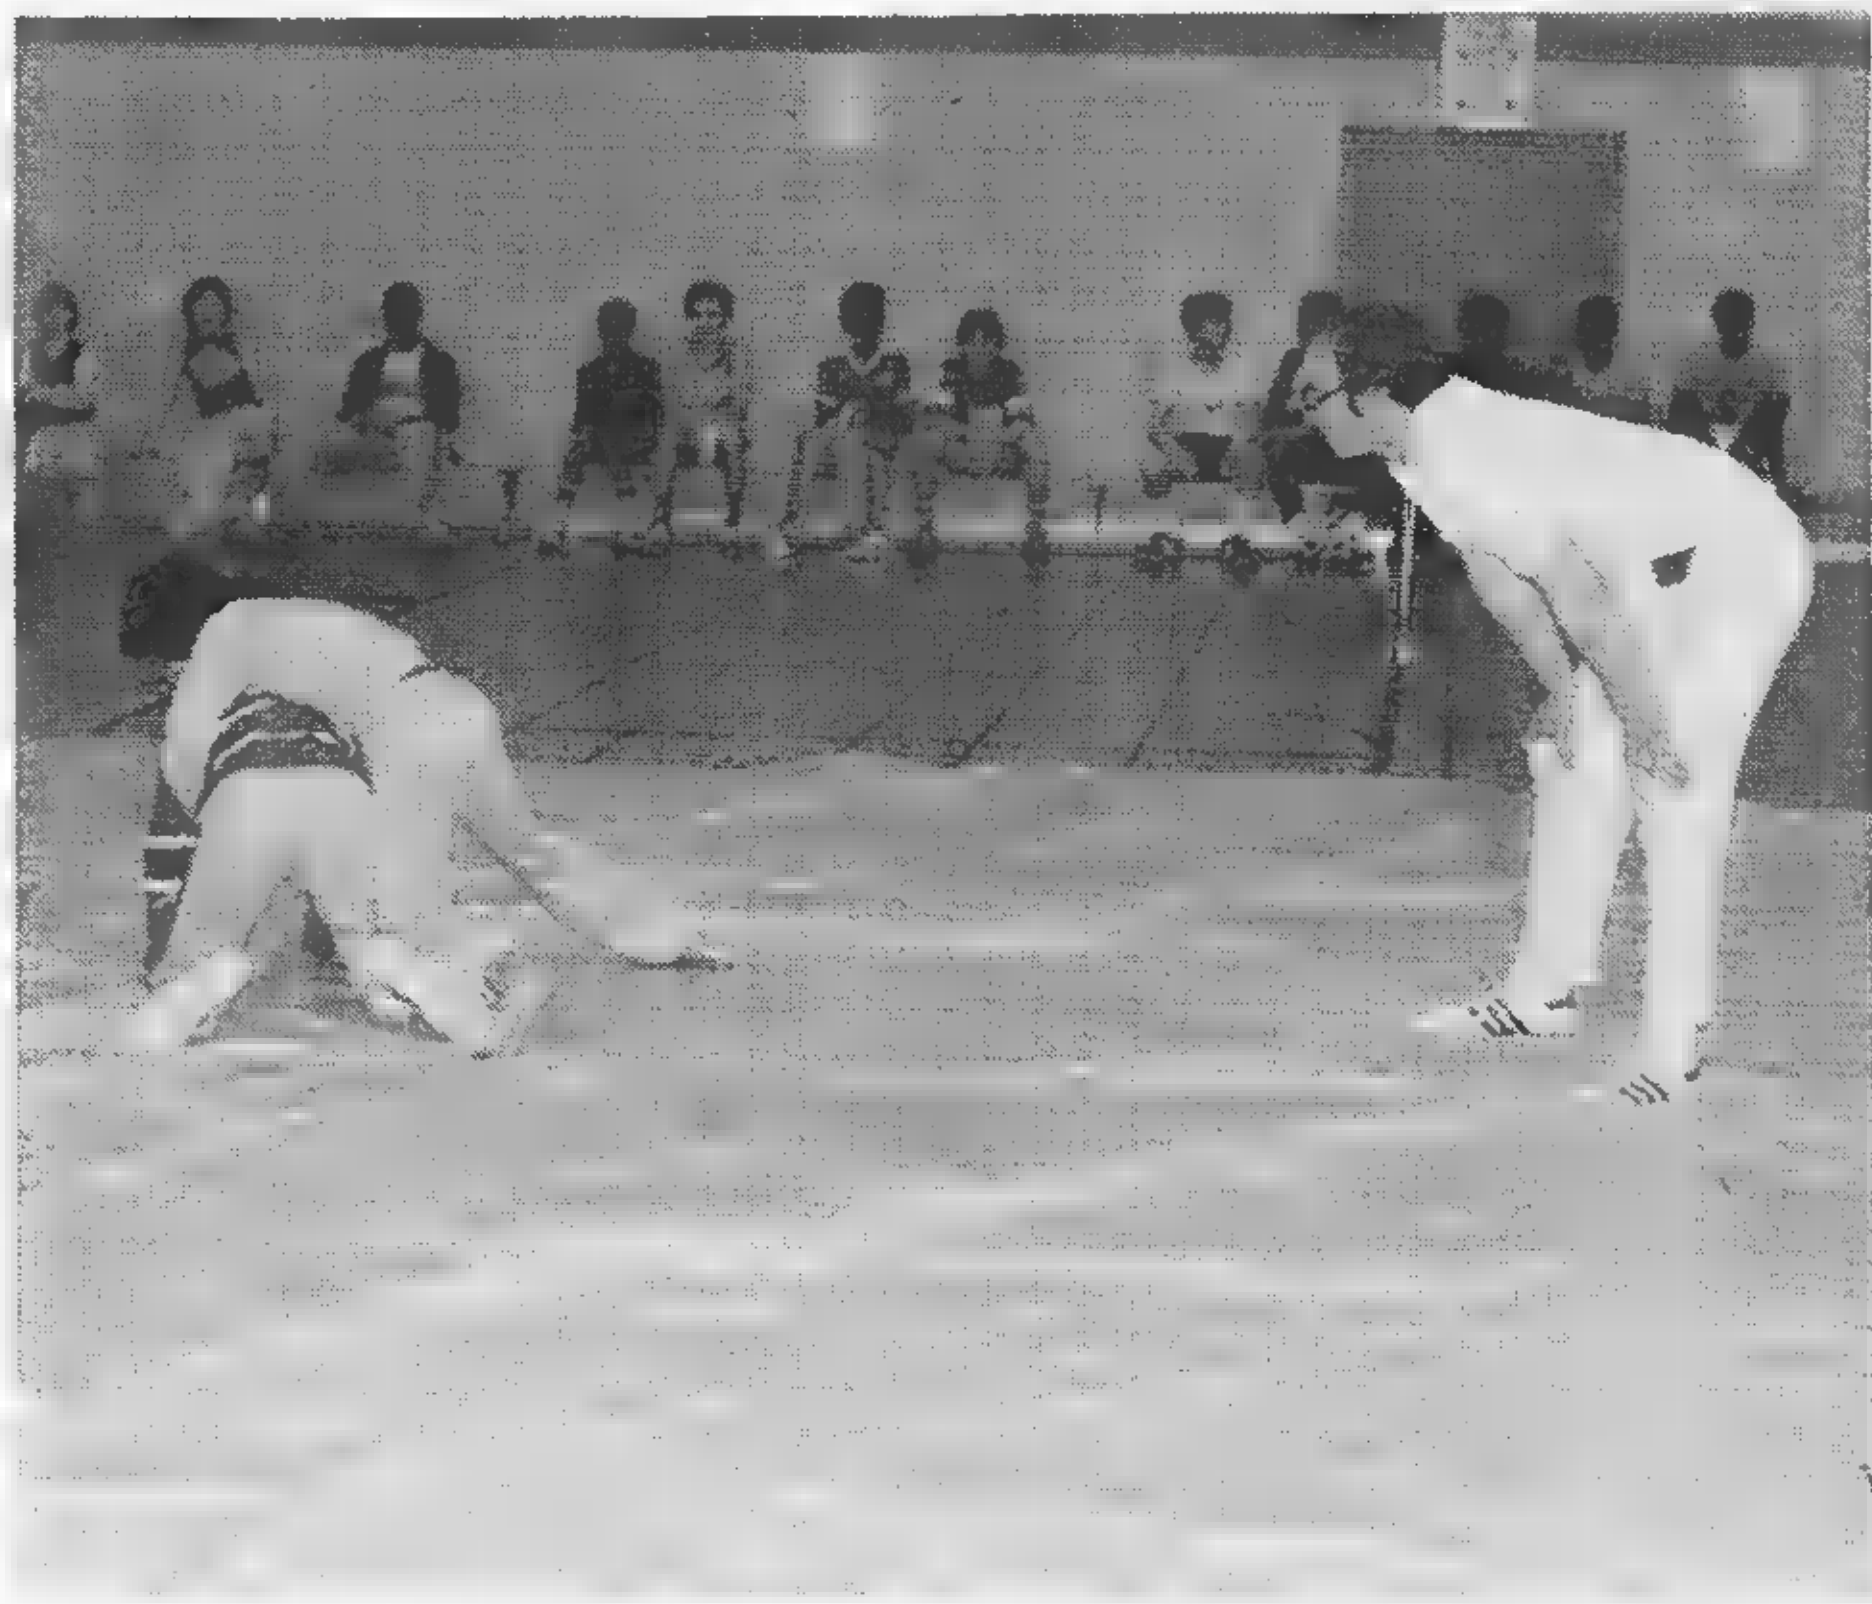

This year the Oakdale gymnastics club consisted of one hundred girls. The club ran for two weeks and enabled the girls to work on class routines and trampoline. One point toward the Oakdale "O" was awarded for regular attendance.

On December 21, approximately 70 girls participated in an intramural gymnastics jamboree as either gymnasts or coach. Participants received not only exposure to the sport of gymnastics but also points toward their school letter. Most of the jamboree was video-taped by Mr. Hanna and his student assistants and this provided an opportunity for the girls to see themselves as an audience would perceive them.

Grade 8 Cross Country Ski Trip

On January 20 of this year, 37 grade 8 students went to Cedar Glen with Mr. Hanna and Mr. Cassolato. When we got there we headed to the ski lodge where everyone was given ski boots, skis and poles. From 9:45 to 11:45 we were in two groups - Intermediate and Beginner. At noon we had lunch. It was great - chicken or vegetable soup, sandwiches and hot chocolate. After lunch we had some free time until the bus came for us at 2:00. It was a great day.

Oakdale Elective Day

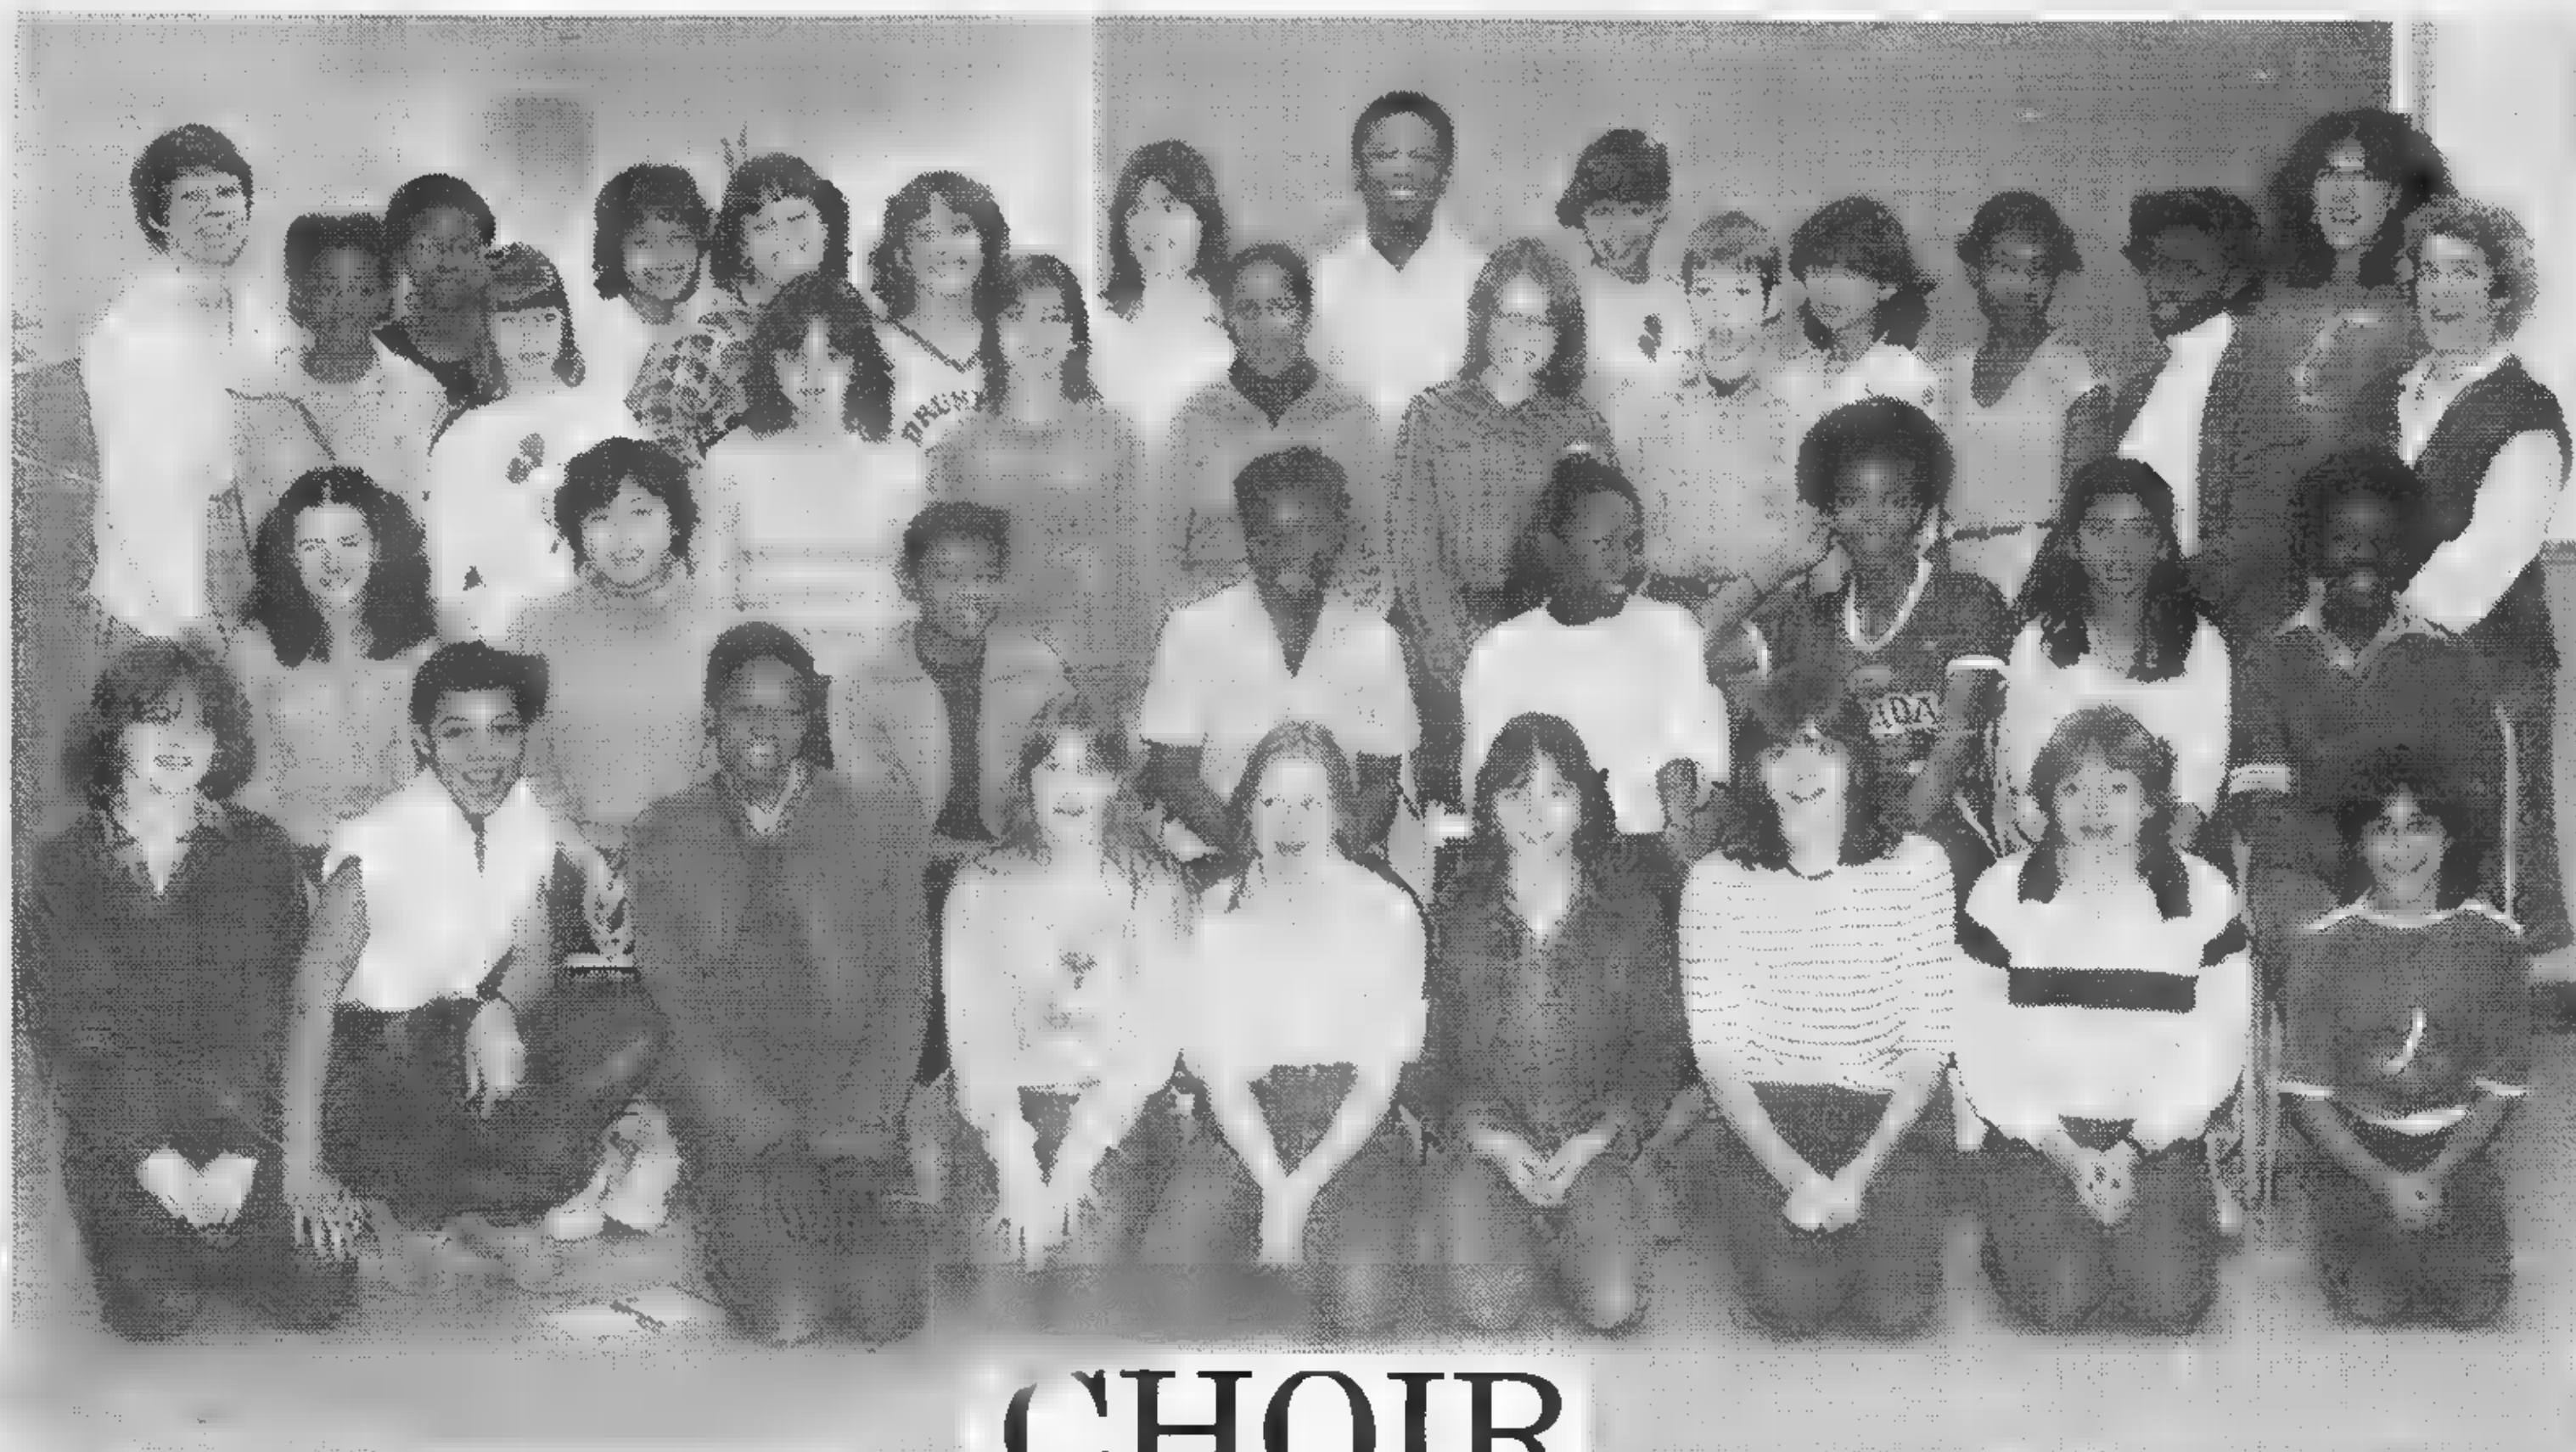

Wednesday, May 12 promises to be an important and exciting day for Oakdale Junior High. This is the date of our Second Annual Elective Day. On this day, students will have chosen to take part in a number of "different" educational experiences offered by staff. These elective day programs reflect the interests and expertise of staff, away from the classroom. They include such things as jazz dancing, steel drum bands, trout fishing, macrame and many others. Many of the activities will take place away from the school and will hopefully provide students with a new and enjoyable educational experience. Last year's program was only a half day one but due to the success of it, we have expanded to a full day this year. We know it will be a success.

Music

In Music classes students discuss, experience and create rhythms. They listen to and perform various kinds of music.

Within a given class period students will listen, play together as a class, and also practise individually to develop their skills and technique.

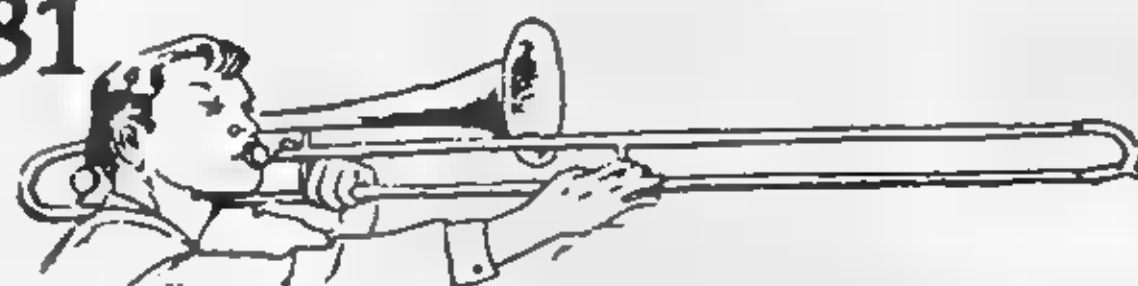

Skills taught in class include listening, technique as applied to individual instruments, rhythm, intonation, quality of sound and style. A whole new musical vocabulary is developed through music theory and appreciation.

TRIPS

Music and Theatre Arts Trip

The Performing Arts Department - Music and Theatre Arts - recently had their annual field trip from February 24 - February 26. The purpose of the trip was to provide an opportunity for students to get involved in a short-term, in-depth program in Music and Theatre Arts. Mr. Dean, Miss Mawrovic, Mr. Lubin, Mrs. Annison and Mr. Hanna accompanied students to the Bolton Education Centre for the three days. Students were involved in small group ensembles, concert band rehearsals and theatre arts activities as well as doing some cross country skiing. The trip, as it always is, was a tremendous success, thoroughly enjoyed by all.

Grade 8 Camping Trip

On Tuesday, October 6, 1981, thirty students and three teachers left Oakdale on a four day camping trip at Albion Hills Conservation Area. Although the weather was uncooperative, all concerned refused to let it dampen their enthusiasm. The students, all grade 8s, lived in tents and cooked on Coleman stoves. Mr. Greenhow, Mr. Esson and Miss Mawrovic taught the students how to cope with wet weather camping. Overall, the trip was extremely successful and provided an excellent educational opportunity for all.
